Defeats the Cracks by Three Lengths.

Aug. 5 .- The beautiful weather and the attractive programme formed a combination that ruce-goers found hard to resist at Monmouth Park today. The uttendance was wonderfully large, and acute observers declared that it was the biggest crowd of the meeting, not excepting the Fourth of July.

The management's fondest expectations were more than realized, for they and threatening. never expected to see so many people at Monmouth. The grand stand benches race, a seven-furlong handleap, in which were filled to overflowing, and choice seats were at a premium. Fully 15,000

The opening event was, as usual, dash for the sprinters. The talent singled out Loantaka, Prince George and wah Jim, and backed them to the exclusion of the others. Prince George and
Loantaks went to the post even favorites, showing that the crowd was
equally divided in their opinion as to
who would be the victor.
They sized up the race correctly, for
Loantaka and Prince George had the
race between them, running first and
second throughout. Wah Jim was
third.

TALK OF THE TURF.

Tom Barrett Requests the Board of Control to Review His Case.

PECULIAR RACE AT BRIGHTON.

Meeting of New Jersey Race Track Managers to Be Held Next Monday.

Tom Barrett has requested the Board of Control to review his case. This will probably be done at the next meeting of the board. It is more than likely that the ruling of the Executive Committee will be supported. The decision of the Executive Committee is in the opinion of many of Barrett's brother turfmen rather harsh and not at al! warranted by the circumstances. At the same time Barrett was greatly at fault for allowing his colt to run in the mud, knowing that he would surely be beaten. No action was taken yesterday by the officials in the case of Arab and Estelle. It seems probable that these upsets in

form will be smoothed over. Jack McDonald, noticing adverse critiisms on the running of Chesapeake, wants the performances of his horse for the past two weeks investigated.

A meeting of New Jersey race track managers will be held on Monday. This is presumably to arrange dates for the Fall meets of Guttenburg, Clifton, Eliza-beth and Linden.

Stratagem, at East St. Louis yester-day, badly savaged Jockey Barrett, who had the mount on Daphne. The brute grabbed Barrett by the leg, raised him from the saddle and shook him victously. The boy's leg was badly lac-erated.

George Wheelock went down the line on Derfargilla yesterday, forcing the price down to even money. Lorillard's commission went on at the latter figure.

Joe Taylor laid under and over 1.53 in the Banquet race. He took in a lot of money at under and over, but at 1.53, against which he quoted 8 to 1, not a ticket was written. It is a good thing for the bookles that the timers are hon-est, or else some day they might be badly hit. Sirocco runs as though he had had too nuch of it lately.

Midget Davis, who rode Rama in the third race, lost his stirrup at the quarter and did not regain it until the last furlong was reached. He finished second, nevertheless.

Het Banner, Fairy and Prince George have been turned over to Johnny Lambley, who will take them to Saratogu. Taral rode three winners again at

Ityron McClelland's two-year-olds are said to be a grand looking lot.

The second race at Brighton yesterday resulted in about as unsatisfactory a manner as can well be imagined. Hogeman started things by running away, but was finally coaxed back to the post. He was fully thirty feet in front of the post and standing directly across the track when the field broke, in attempting to wheel around he collided with Lady May, and both jockers were thrown. In spite of all this, down went the starter's flag and on raced the field Judge Wheeler rang the bell in the stand, and many thought he meant 'no race.' When the lockeys returned to the stand he ordered them not to dismount but later ordered the numbers run up. If nothing else, the race showed the utter inability of James McLaughlin at a starter. The funny part of the race was the time that was hung out. The timer's flag certainly did not fall, yet the timers hung up 0.31 as official.

had his arm broken, and shaken up. Father Bill Daily landed three purses yesterlay, Electrona B. Gold Dollar and Alcalde all scoring. Many thought that Alcalde fouled Bess MacDun in the stretch.

The friends and employees of the Brighton track presented Charlie Primaries with a magnificent diamond stud after the races yesterday.

N. S.-F. A. Ehret headed the list of
